INDEX TO VOLUME 4 — 1976

GENERAL INDEX

Absorptivity coefficients, units for, 57
Affinity chromography, expt on, 72
Alimentary system, book on mammalian, 45
Alcohol problems, books on, 10, 39
Amyloid, book on histochemistry of, 57
Antibacterial action, book on, 16; film on, 40
Aromatic metabolism, bacterial, 4, 25
Audio visual tapes at IUB Congress, 68
Biochemical perspective, a new, 4, 25
Biochemical Reviews, indexes to, 2, 48
Biochemical Teaching to medical stud. 22
Biochemistry textbooks reviewed:
  Campbell & Kilby, 18; Harper *et al*., 77,
  Kruh, 60; Lehninger, 61; Louisot, 42;
  Rapoport, 33
Bioenergetic process, book on evolution of, 36
Biophysical Chemistry, book on, 17
Biopolymers, book on fibrous, 61
Breakfast cereals, expt on, 56
Calculations, books on biochemical, 80
Cancer, book on biology of, 15
Carbohydrates, book on biochem. of, 59
Catalogues of biochemistry books, 50
Cell biology, book on techniques in, 18
Cell & its Organelles, book on, 60
Chart of metabolic pathways, review, 71
Clinical Biochemistry, editorial on, 41
Committee on Education, IUB, 2
Computer programming, books on, 81
Curriculum, biochemical in Netherlands, 76
Curriculum exchange scheme, 69
Cyclic-AMP & Kinase, expt on, 75
Cytoplasmic inheritance, book on, 35
Democratization of adv. course, 24
Dictionary of biochemistry, review of, 38
Directory of Bioscience Depts, review of, 74
Drug metabolism, book on progress in, 80
Drug problems, books on, 10, 39
Educational Techniques, books on, 55, 83
Electrophoresis, book on zone, 81; expt on, 52
Embden-Meyerhof, reminiscences of, 46
Energy transducing systems, book on, 58
Engineering, editorial on biochemical, 21
Enzyme kinetics, books on 16, 36
Enzyme structure, game on, 3
Essays in Medical biochem, review of, 37
Examination questions, multiple choice, book
  on, 82
Examining Objectives at Cork, 28
Excited states of biol. Mol., book on, 57
Experiments on: affinity chromatography,
  72; c-AMP, 75; gluconeogenesis, 13;
  hepatocytes, 13; histones, 52; insulin, 72;
  microsomes, 30; protein kinase, 75; radio-
  immunoassay, 72
Fatty acid oxidation, bioenergetics of, 51
Feedback in Seminars, 70
Fibrous biopolymers, book on, 61
Film on lysozyme, synopsis of, 68
Film reviews: muscle contraction 8;
  proteins, 8
Films shown at IUB Congress, 67
Food, book on facts of, 37
Gluconeogenesis, expt on, 13
Glycoproteins, book on metabolism of, 39
Haldane relationship, 71
Hepatocytes, expt with rat, 13
Histones, expt on electrophoresis of, 52
Histochemistry of amyloid, book on 57
Hormones, expt on regulation by, 13;
  book on chemistry of, 58
Immunological methods, book on, 80
Independent learning techniques, book on, 45
Index to Biochem. Educ. Vol. 3 (1975), 20
Index to Biochem. Reviews, 2, 48
Insect flight, book on, 51
Insulin, expt on assay of, 72
IUB Congress, Hamburg, report on, 66
Jepson, Prof. John, obituary, 45
KAPA system, 69
Kidney Tubules, book on use of, 79
Kinetics, books on 16, 36
Laboratory design, book on, 62
Learning, independent, book on, 45
Liver biochemistry, wall charts on, 14
Liver cells, book on use of, 79
Lysozyme, synopsis of film on, 68
Magnetic resonance, book on, 81
Medical Biochemistry, essays on, 37
Membranes, books on, 19, 32, 78
Metabolic Pathways chart, review, 71
Microsomes, expt with, 30
Molecular Aspects of Med., Journal on, 39
Molecular biol. Eucaryotic cells, book on, 35
Multiple choice exam questions, 82
Muscle contraction, book on kinetics of, 35;
  film on, 8
Muscle, book on structure & function, 34
Netherlands, biochem. curriculum in, 76
Newsletter, Survey of sources, 79
Nottingham Med. School, biochem. at, 22
Nursing students, teaching chem. to, 11
pH, defence of, 49
Plant biochemistry, book on, 20
Practical biochemistry; book on, 17; for
  medics, 9; alternatives to for medics, 43
Problems in Biochemistry, books on, 35, 80
Protamines, expt on electrophoresis of, 52
Protocols of expt exchange scheme, 69
Pseudomonas, book on resistance of, 62
Protein biosynthesis, book on, 79; expt on, 30
Proteins, film on, 8
Protein kinase & c-AMP, expt on, 75
Radioimmunoassay, expt on 72
Resonance, book on magnetic, 81
RNA biosynthesis, book on, 79
Seminars, feedback response in, 70
Subnuclear components, book on, 78
Sucrose in cereals, expt on, 56
Trends in Biol. Sci. (TIBS), 37, 62
Tubules, book on use of kidney, 79
Units for Absorptivity coeff. 57
Wall charts on liver biochem. 14
Zone electrophoresis, book on, 81

VOL. 4 1976

Biochemical Education is published from the Editorial Office, Department of Biochemistry, 9 Hyde Terrace, Leeds, England, LS2 9LS. Annual subscription for Volume 5 (1977); $8.00 or £4.00 in the U.K. for the four issues including postage by surface mail (printed paper rate); $9.00 if sent by 2nd class airmail. Please make cheques, etc payable to *Biochemical Education*. © 1976. Published in January, April, July and October.

Printed by the University Printing Service at the University of Leeds
